National Forest Service (NFF) – general info

<https://www.nationalforests.org/our-forests/public-lands-the-national-forest-foundation-and-covid-19>

In coordination with state and local health and safety guidelines, certain areas and facilities on National Forests are closed. Please check with your local forest for specific status updates. Recreation services at our facilities may be changed, suspended or offered through alternate approaches as we manage for the health and safety of our work force and the public. Agency direction tasks local managers to perform risk assessments of our facilities and limit congregations of people and person to person interactions. Our decisions will align with local city, county and state actions to provide for human health and safety (ie. quarantine, curfew, and other social restrictions).
